

Management And Leadership

## **Skills for Women to Lead (Upscale Your Leadership Skills)**

# Course Introduction

---

## Skills for Women to Lead

Companies that have a significant share of female leaders outperform their peers, according to McKinsey research. Women can bring different leadership skills and behaviors, but it's not just about diversity of gender, it's about the diversity of thought; more balanced teams make better decisions. This is invaluable in an industry reliant on new ways of working to boost productivity levels and unlock efficiencies. Women bring a creative spark, intelligence, personality, professional ability, and motivation to their roles, but there are still constraints on career progression, both organizational and personal. especially women in leadership positions face several challenges.

This training course is designed to provide participants with the cutting-edge tools for powering up women's leadership skills in the field and learn how to deal with those challenges and perform at their peak by introducing techniques to lead, motivate, inspire and empower their teams. This course will also cover mastering tools for Communication and inspiring peak performance, hands-on experience using relationship management and Emotional Excellence tools while infusing them with confidence and motivation.

## Target Audience

---

- Mid-Level Managers: Women looking to move into senior management or executive roles.
- Aspiring Leaders: Entry-level women aiming to develop leadership skills early in their careers.
