

Audit, Risk and Governance

Diploma in Corporate Governance

Course Introduction

BOOST presents the **Diploma in Corporate Governance**, a comprehensive five-day program designed to equip professionals with the knowledge and skills needed to implement best practices in corporate governance. This course provides a deep understanding of governance frameworks, ethical leadership, risk management, and compliance, ensuring organizational transparency and accountability. Participants will gain practical insights into board dynamics, stakeholder management, and regulatory requirements to enhance decision-making and business integrity.

Target Audience

- Board members and executives.
- Corporate governance officers and compliance professionals.
- Legal advisors and risk managers.
- Senior management and decision-makers.
- Internal auditors and financial controllers.
- Professionals seeking a deeper understanding of governance principles.

Learning Objectives

- Understand the principles and frameworks of corporate governance.
- Assess governance structures and their impact on business performance.
- Identify the roles and responsibilities of the board of directors.
- Apply best practices in ethical leadership and corporate accountability.
- Implement risk management and compliance strategies.
- Develop corporate governance policies aligned with international standards.
- Enhance stakeholder engagement and corporate social responsibility (CSR).
